

Aero

Heavy Duty

Sportz

The new Rhino Track Mount System designed specifically in mind for either resin or fibreglass canopies, hard cover ute lids and hard top vehicles.

This revolutionary new track design enhances the appearance of the vehicle, looking like a factory fitted accessory. It comes complete with a unique base unit giving you the flexibility to use both the RLCP leg with a Rhino Heavy Duty/Aero Bar or the RSP Leg with the Rhino Sportz Bar.

Available in both vehicle specific or in kit form, the tracks come in four sizes, and can be custom cut to size and made very simple to install.

Jeep Wrangler systems include: (as pictured)

**Rhino - 2 Bar Trackmount**

**Rhino Aero - 2 Bar Trackmount**

**Sportz RST/503 - 2 Bar Trackmount**

**Please Note:** RLTP and RLTF legs should not be used on this track system
