

Rhino-Rack has done it again, developing a Heavy Duty Roof Rack System for the new Toyota Landcruiser 200 Series. Rhino-Rack were the No 1 roof rack preference for the 100 Series Cruiser and we continue the tradition with the 200 Series.

As per usual, the 200 Series roof rack system is available in 3, 2 and single bar options. Available in Heavy Duty, Heavy Duty Aero and Sportz, with all the usual Rhino Accessories available including the very popular Alloy Luggage Trays and Boat Loaders, both side and rear loading.

Contact our friendly sales and customer service team if you require more information on our latest products.
