

The latest product release from Rhino-Rack is for the Nissan X-Trail (T31). Our new roof rack system is vehicle specific and designed to give you greater flexibility for your load carrying needs. Our market leading pad mount style incorporates the trim and finish of todays modern designs and enhances the smooth sleek lines of the vehicle.

Available in our 3 different styles of crossbars - Aero, Heavy Duty & Sportz with a load carrying capacity of 80kg. Rhino has the system to suit your needs.

**Key Features:**

- Attaches to existing factory fixing points on the roof of your vehicle.
- Lifetime Warranty Applies.

Contact our friendly sales and customer service team if you require more information on our latest products.
