

Snow Ski & Snowboard Carriers

Transport your skis / snowboards securely and safely with our easy to use, fully lockable carriers.

Our ski / snowboard carriers are made to suit all needs and cover almost all options. Designed in Australia, they are built tough to handle all conditions and come with our Lifetime Warranty.

Optional accessories include height spacer blocks to lift the carrier an extra 35mm away from the vehicle roof when carrying skis or snowboards with high bindings.

The design of the Rhino ski carrier / snowboard carrier gives you the ability to add other accessories or sporting equipment on your roof racks at the same time.

542/544/546
Fits European Bars.

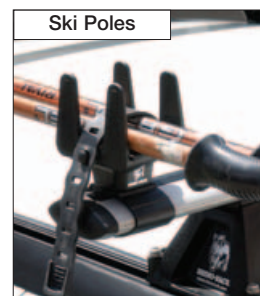

S542/S544/S546
Fits Rhino Sportz, Rhino Aero, Thule Aero & Rola Rail Bar.

R542/R544/R546
Fits Rhino Heavy Duty, Rola Sports & New Rola Commercial.
